

Power and Clean Kitchen Cleaner

Power and Clean Kitchen cleaner is an effective hard surface cleaner with powerful degreasing and effective cleaning performance. Both key Nouryon ingredients, Berol 226 SA and Dissolvine GL 47S meet US EPA safer choice requirements - making this formulation safer for the consumer and the environment. The powerful cleaning performance derived from the 2 ingredients will make this a truly versatile recipe for a wide range of applications ranging from household to industrial cleaning.

Berol® 226 SA

- Exceptional cleaning of fat/oil and particulate soils
- Strong wetting, emulsifying and dispersing properties
- Effective cleaning at low concentrations
- Meets US EPA Safer Choice requirements

Dissolvine® GL-47-S

- Effective chelating agent based on natural ingredients
- Readily biodegradable
- Low toxicity and ecotox profile

Ingredient	%
Berol 226 SA	5.00
Dissolvine GL-47-S	1.00

Nouryon

Power and Clean Kitchen Cleaner

Formula

Trade name	Function	% w/w
Berol 226 SA	Degreaser	5.00
Dissolvine GL-47-S	Chelating agent	2.00
Triethanolamine	pH adjustor	2.00
Water	Solvent	balance to 100

Dilution 1:20 to 1:50

Procedure

Add the water to the mixing vessel.

Add the remaining ingredients one at a time, mixing until homogeneous before adding the next ingredient.

Pour finished products into spray bottles.
