

# **Finnfix LD**

## Carboxymethylcellulose

Finnfix® LD is a liquid carboxymethlycellulose for antiredeposition in liquid laundry

## **Specifications**

Solids Content	30-35 %
PH	4.5-5.0

#### Characteristics

Appearance	Yellow to brown liquid

#### Notes:

Test methods are available upon request. Nouryon reserves the right to use company test methodology

## Storage

Storage Store in the original unopened packaging in a covered area above freezing temperature (recommended temperature 20-30°C). Under appropriate storage conditions, the product has a shelf life of up to six (6) months calculated from the date of manufacture. The product is based on a natural polymer, cellulose, which can result in sensitivity to microbes. Stirring is recommended if the product has been stored for longer periods of time.

## Packaging and transport

IBC Container

### Additional information

Information regarding sodium carboxymethylcellulose for the chemical inventories and REACH status can be found from product SDS. HS code 3912310000.
