

Narrow Range Ethoxylates – Americas

Highly targeted performance for more effective cleaning

Nouryon nonionic surfactants for degreasing deliver highly targeted performance, are effective at very low concentrations and offer excellent low temperature handling. Choose from our unique portfolio of narrow range ethoxylates to provide the best cost performance solution for your customers. Efficient and sustainable cleaning formulations begin with these products.

Strengthens your cleaning formulations

- Improved degreasing performance at lower use concentration
- Low level of unreacted alcohol means very low VOCs
- Reduces or eliminates the need for hazardous solvents
- Lower foam than standard ethoxylates reduces the need for defoamers
- Readily biodegradable
- Meet the U.S. EPA Safer Choice product standards

Wide range of applications

- Household cleaning – floor, kitchen, bathroom, upholstery
- Institutional cleaning – hospitality, health care, restaurants
- Industrial cleaning – metal degreasing, engine cleaning, vehicle cleaning, dairy, CIP
- Water-based multi-purpose hard surface cleaning

Achieve best in class performance with

- BeroI® 260 
- BeroI® 266 
- BeroI® 360 
- BeroI® 366 
- BeroI® 840 
- Ethylan® 1005 

 Product has been reviewed by EPA's Safer Choice Program and qualifies for use in Safer Choice-certified products.

Formulate superior products that provide:

- Targeted ethoxylation driving value for money
- Faster wetting and spreading than standard ethoxylates
- More rapid foam collapse for rinsability
- No unpleasant free alcohol smell
- Superior low temperature handling

Comparison of our narrow range ethoxylate with standard range ethoxylate and NPE

Ask us how our narrow range ethoxylates can help you achieve:

- Profitable cost-performance benefits
- Faster and more effective cleaning at lower concentrations
- Easy and convenient formulating while complying with environmental and safety regulations
